

HARSH BALLYAN

2D Animator & Visual Content Designer

I'm a creative professional based in Delhi, specialising in 2D animation, motion graphics, video editing, graphic design, and social media branding, with 4+ years of experience.

My core expertise is 2D animation and motion graphics using Adobe After Effects, creating explainer videos, social media animations, ad creatives, logo animations, and branded content.

I also use AI-powered creative tools to streamline production and develop engaging, modern visual content for brands.
